

TOP SECRET

8 July 1970

MEMORANDUM FOR: Deputy Director for Intelligence
Deputy Director for Plans
Deputy Director for Science and Technology

SUBJECT: DCI Guidance for Planning

1. Annexed is a proposed final draft of the Intelligence Planning Guidance paper which was discussed at the meeting with the DCI at Isolation and which has subsequently been reviewed by all components of the community. An earlier draft was approved by all Directorates of CIA. Subsequently some changes have been made, largely as a result of comments and suggestions by other agencies. Changes in the earlier text are indicated in the attached draft together with the source of the proposed changes.

2. As we hope to initiate reasonably prompt action along the lines suggested in the summary which follows the introduction to the paper, I should appreciate your comments or concurrence on the paper as amended, if possible, by July 20th.
